1 Our Philosophy

ROAD TO THE TOP is ASM Motorsport's platform to prepare any Racing driver for the International Endurance Racing scene.

Racing within the ACO ecosystem.

Driving some of the World's most iconic tracks.

Developing experience driving Sports Prototypes: high performance, lightweight, sophisticated aerodynamics.

Contained season costs: minimising pressure and risk; maximising pleasure and racing focus.

Team atmosphere to race and grow in a nurturing environment.

Winter Test Programme to ensure the best preparation for the Season

2 The Team

In 2024 we started the **ROAD TO THE TOP** programme for ASM. In 2025, all our efforts and our long term background of Circuit Racing will be focused on this programme.

Each one of ASM's team members in this programme has a long term and successful experience in Circuit Racing, from single seaters, touring cars, or endurance Racing. The **ROAD TO THE TOP** programme within the Ligier European Series, is the foundation of our new pyramid to climb to the top of Endurance Racing.

The Sports Program | The Series

The Ligier European Series is the first step on the International Endurance Racing scene.

Two categories race together, sharing the racing weekends of the European Le Mans Series (ELMS).

You will be racing within the ACO's racing structure, in the paddock alongside the World's best teams who are permanently on the look out for the next upcoming superstars.

6 events, 2 races per weekend, lots of track time and racing action.

Data analysis of each session, and comparison with all the ASM team members, for further development and evolution of each driver within the team.

The Sports Program | The Car

LIGIER JSP4 LMP4

Ford V6 3,7 litres Cyclone mid rear positioned

Power output: 385 hp

RPM max: 7000 rpm

Transverse 6-speed sequential gearbox; Semi-automatic paddle-shift system

Weight : 920 kg

Length: 4680 mm – Width: 1900 mm – Wheelbase: 2860 mm

Carbon monocoque & crashbox; Carbon bodywork

100 litres FIA homologated fuel tank

Brakes: LMP3 6-piston front & rear calipers, 355x32 mm front & rear LMP3 discs

Rims: aluminium 18" – width front 10" and rear 11"

3-ways latest generation of dampers

Engine management and data acquisition systems

Ligier multi-function steering wheel and dash display

Cockpit adapted to all sizes

Carbon seat support

Hans compatible headrest

The Sports Program | The Calendar

The Ligier European Series supports the **European Le Mans Series**, therefore it takes place in iconic tracks such as Spa-Francorchamps, Silverstone, Circuit de Barcelona and even the 24h of Le Mans circuit.

It is therefore an invaluable opportunity to learn such venues in detail, a real advantage for any racing driver's future.

The Sports Program | The Weekend Structure

Same weekends as the Michelin Le Mans Cup and the European Le Mans Series (ELMS).

The Series is installed at the heart of the paddock.

Thursday evening

Get together for all participants to meet,
perfect for guests to experience

Friday

2 x 40 min practice sessions
2 x 15 min qualifying sessions

Saturday

2 x 1 hour races

The Sports Program | Communication

Both races are live streamed on Facebook, YouTube, the series' website and specialised motorsport websites.

The Series' communication team is present on the circuits to cover the meetings on its own & Ligier Automotive's communication channels.

Press releases, race reports, drivers' and teams' interviews enable the public to relive the meetings and learn more about the teams and drivers involved in the series.

Press conferences are organised at each meeting in the press room.

The teams and drivers are offered full access to a copyright-free official photos gallery.

4 ASM Motorsport's 360° Approach

Coaching & Guidance

With more than 30 years of racing experience, our Team will assist drivers with car set up, driver coaching and development of technical understanding.

Moreover, with our base in Barcelona, ASM Motorsport goes above and beyond to ensure the drivers feel comfortable and at home off track too. We will guide you in establishing a living routine in our region or in fitting your racing activity perfectly with your other commitments.

We have been coaching drivers since 2006 and can help you find the perfect living environment in order to enjoy your racing season and keep progressing.

ASM Motorsport's 360° Approach

Your racing
Future

Prize money

The champion(s) of the Ligier JS P4 sports prototype category will receive a prize money equivalent to €150,000 to be used exclusively in 2025 to enter the Michelin Le Mans Cup at the controls of a Ligier JS P320 (LMP3) with a team selected by Ligier Automotive.

Testimonial

"The massive return of manufacturers to the FIA WEC and the 24 Hours of Le Mans played an important role in my choice to join the Ligier European Series. This is the first step in the endurance pyramid and its bonus system makes it possible to evolve on merit."

Gillian Henrion, 2022 JS P4 Champion

5 Preparatory Programme (optional) | JS2R category

For the drivers who wish a smoother entry into Edurance Racing we suggest the JS2R category as a **Stepping Stone**.

The Ligier JS2R is the GT sister car of the JSP4 LMP4. A light-weight, V6-engine, sequential paddleshift gearbox race car for full thrills and competitive driving.

Preparatory Programme (optional) | JS2R category

LIGIER JS2R

GT sister car of the JSP4 LMP4

Identical Ford V6 engine and sequential gearbox with paddleshift

Power output: 350 hp (-35hp)

Weight : 1055 kg (+135kg)

Length: 4415 mm – Width: 1900 mm – Wheelbase: 2680 mm

FIA homologated tubular chassis; Fiberglass bodywork

Brakes: BREMBO 6-pistons front and 4-pistons rear;

Discs: 343mm front, 328mm rear

Rims: aluminium 18" – width front and rear 10"

Prize Money

Equivalent to 100,000 € to race in the Ligier European Series 2026 with a Ligier JSP4 LMP4 car.

6 Winter Test Programme (optional)

In order to prepare for the **2025 Ligier European Series** season, ASM Motorsport proposes a pre-season programme in the **Prototype Winter Series (PTWS) 2025** with the Ligier JSP4 LMP4.

Calendar

16-19th January	Estoril
23-26th January	Portimão
27th Feb-2nd March	Aragón
6-9th March	Barcelona

2 days of Free Practice + 2 days of Racing per meeting
Qualifying + 2x 50min Races
